

Memorandum

Date: December 15, 1995

To: Program Team Liaisons

From: Lester A. Snow, Executive Director
CALFED Bay-Delta Program

Subject: Draft Paper

The attached draft paper "Programs Related to Improving and Protecting the Bay-Delta System" provides a list of efforts and programs which relate to the long term solutions to problems of the Bay-Delta System related to areas of Water Supply, Water Quality, System Vulnerability, and Ecosystem Quality. It is anticipated that by understanding these efforts and programs involved in these areas the CALFED Bay-Delta Program and the Bay-Delta Advisory Council could focus on actions to avoid duplication; to seek opportunities where programs can be consolidated, better coordinated or perhaps redirected; and identify where lack of funding may be hampering the progress of these efforts. This list of programs and efforts related to the CALFED Bay-Delta Program will be continually updated as changes occur to existing programs and as new programs are added.

To help broaden our knowledge of the efforts and programs your agency may be involved in, please take the time to review the programs in the paper for which your agency has responsibility and provide the following additional information:

- Geographic scope or area affected by the program (a map would be helpful).
- Historical and current funding; future funding projections.
- Life span of the program (continuing or sunset date).

In addition, if you can supply similar information regarding other Bay-Delta related efforts or projects not listed in the attached draft that you may be familiar with, it would be extremely helpful. Please return your comments by January 5, 1996 to our agents in this endeavor, the Department of Fish and Game, Bay-Delta and Special Water Projects Division. Your response may be submitted by Email to: pbrantle@delta.dfg.ca.gov, or by FAX at (209) 946-6355, or by mailing a diskette to Bay-Delta and Special Water Projects Division, 4001 North Wilson Way, Stockton, CA 95205. We may be contacting you with follow up questions. If you have any immediate questions, please call Ms. Pat Brantley at (209) 942-6069 or CALNET 8-423-6069, or Ms. Heather McIntire at (209) 948-7067 or CALNET 8-423-7067.
